## 'CITIZEN'S BUDGET'

### 2021 BUDGET THEME

So, what is this year's National Budget Theme?

Oh! Coming from a 2-year slow-down & COVID-19-induced down-swing, we are riding on milestones of TSP and looking ahead to National Development Strategy 1, so our Theme is.....

## "Building Resilience and Sustainable Economic Recovery"

## 2020 ECONOMIC PERFORMANCE

...but how was the journey in 2020?

We faced adverse shocks, but we managed to mitigate some of the negative impact and pulled through.

- ➔ Economy estimated to contract by -4.1% in 2020, reflecting weak demand due to necessary lockdown. This suppressed output, productivity and capacity utilisation.
- ➔ COVID-19 pandemic hit an economy already dealing with devastating impacts of climatic shocks of drought, Cyclone Idai and Cyclone Kenneth.
- ➔ Mining, manufacturing, tourism, construction, distribution and other service sectors faced the full negative impact of containment measures.
- ➔ Agriculture was less affected as the summer cropping season was almost over when pandemic hit.
- ➔ Government reprioritised budget allocations and announced \$18.2 billion Stimulus Package to save lives and livelihoods.

### Sectoral GDP Growth Rates (%): 2019-2023

## THE DOMESTIC ECONOMY IN 2021

Do you think 2021 will be a better year?

Oh! Yes, yes and certainly we will recover from past shocks. We are benefitting from the foundations we've created under the TSP.

- ⊙ Economy expected to rebound by 7.4% in 2021 from consecutive 2-year downturn.
- ⊙ Government's response aimed at ensuring strong economic recovery building on the milestones from the Transitional Stabilisation Programme (TSP) and targeting additional support measures to cushion vulnerable households.
- ⊙ 150 000 formal jobs are expected to be recovered after having been lost due to COVID-19 pandemic.

## Fiscal Policy

*Inclusive growth strategy will be anchored on the devolution policy thrust while macro-stability will be consolidated through strengthening fiscal and monetary positions.*

What is the focus of Fiscal Policy in 2021?

The 2021 Budget targets a fiscal deficit of -1.3% of GDP in line with the National Development Strategy 1. This will be attained through:

- ⊙ Strict observance of the Budget and Public Finance Management Act rules;
- ⊙ Borrowing only for the budgeted expenditures and through market-based operations;
- ⊙ No more recourse to Central Bank overdraft and other windows;
- ⊙ Gradual reduction of the wage bill;
- ⊙ Continuous review and rationalisation of public service posts;
- ⊙ Rolling out of PFMS controls to all departments and local levels;
- ⊙ Adherence to new Procurement Act rules;
- ⊙ Limit subsidies to those that are targeted and accommodated in the Budget;
- ⊙ Complete migration of the Public Service Pension scheme from Pay-As-You-Go- pension to funded Pension Scheme; and
- ⊙ Continue strengthening taxation systems.

Public debt management will be guided by the Medium-Term Debt Strategy (MTDS), which will focus on maximising access to concessional financing, leaving non-concessional borrowing for commercially viable projects.

## Monetary Policy

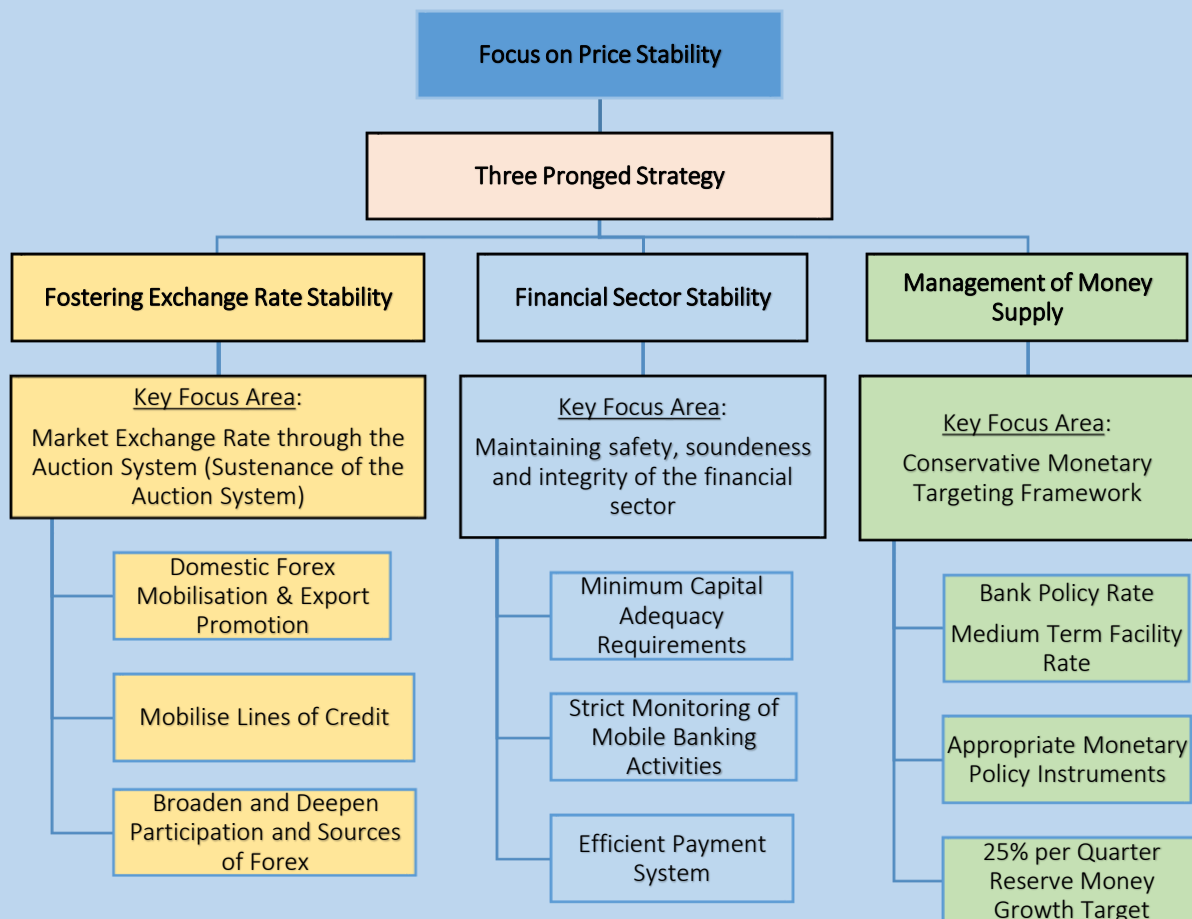

Can we rely on our currency in 2021?

Oh! Yes! Our Monetary Policy is ensuring continued stability of the domestic currency, and we are determined to make it even better!

*Complementary to the fiscal policy, will be tight monetary policy that will be pursued through a three-pronged approach to achieving price and exchange rate stability.*

## CONCLUSION

What is the Hon. Minister's concluding statement?

Together, we will develop this nation by leaving no-one and no place behind.

Out there, confidence is beginning to improve, and Government is committed to cement that hope, of course addressing various expectations.

In fact, people of all backgrounds want to be assured that we, in Government, are doing all we can to make sure that expectations are met.

Precisely, this is what this Budget and the NDS1 are seeking to achieve.

Hon. Prof. Mthuli Ncube  
**Minister of Finance and Economic Development**
